

AISIN Fully Synthetic ATF Dexron-III (AFW)

PREMIUM SYNTHETIC AUTOMATIC TRANSMISSION FLUID

DESCRIPTION

Modern vehicle and transmission designs place increased stress on the automatic transmission fluid. ATF DX-III transmission oil is superior to any other past or currently ATF for application to passenger car automatic transmission. It is a high-quality performance which meets oxidation resistance, low temperature fluidity, appropriate friction performance, high shear stability, and providing virtually sludge free operation.

PERFORMANCE STANDARDS

- General Motors DEXRON III
- Ford MERCON
- Allison C-4

CUSTOMER BENEFITS

- Ensures long lifetime.
- Provides high foam stability.
- Provides high anti-rusting performance and lower sludge formation.

This bulletin was prepared in good faith from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended. Aisin, the Aisin logo, and related marks are trademarks of Aisin Asia Pte Ltd, used under license.

- Provides good start operation in cold climates with excellent low-temperature fluidity.
- Provides more stable friction property.

KEY PROPERTIES

Synthetic	Density, kg/litre @ 15°C	Kinematic Viscosity, mm ² /s		Pour Point (°C)	Flash Point (°C)	Brookfield Viscosity mPa·s @ -20°C	Brookfield Viscosity mPa·s @ -40°C
		@ 40°C	@ 100°C				
Fully Synthetic	0.8423	33.7	7.123	-48	238	1,388	10,256
